

**When Natural Disasters Hit,
America's Hospitals Are There.**

**When Fears Rise About
a Flu Pandemic,
America's Hospitals Are There.**

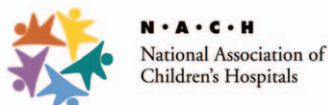

**When the World Is an
Ever More Dangerous Place,
America's Hospitals Are There.**

... So why do some in Washington
want to cut hospital funding?

Pressure to cut the budget has caused some legislators
to think about cuts that would hurt hospitals.
But why in a dangerous and uncertain world would anyone
cut the front lines of America's health care?

**America's Hospitals.
First in hope. First in care. Always there.**
