Health Care

Delivering Quality with Distinction

## Overview

The Illinois Hospital Association (IHA) Institute for Innovations in Care and Quality's (The Institute) third annual Quality Excellence Achievement Awards—*Delivering Quality with Distinction*—celebrates Illinois hospitals and health systems' transformational achievements utilizing the Institute for Healthcare Improvement's Triple Aim philosophy:

- Enhancing the patient experience;
- Improving population health; and
- Reducing health care costs.

Building upon previous years, 104 projects from 57 hospitals and health systems were submitted this year. IHA appreciates the expertise and commitment demonstrated by our members as well as our judging panel of 29 nationally-recognized quality improvement leaders, who carefully reviewed and scored each application. This year, three awards were presented, one in each of the following categories: Health Care System, Rural/Critical Access Hospital, and Urban Hospital.

To share these initiatives among members, The Institute has published this compendium that provides a synopsis of all project entries along with contact information for additional details. The compendium receives national exposure by being featured annually on the [Hospitals in Pursuit of Excellence \(HPOE\)](#), an AHA affiliate, website.

Delivering Quality with Distinction

# CALL FOR ENTRIES

## Opens Spring 2014

Be sure to watch for this opportunity to be recognized and celebrated for your hospital's achievements in advancing patient care.

### AWARD CATEGORIES

- Health Care System
- Rural/Critical Access
- Urban

### New in 2014: The Tim Philipp Award

A passionate advocate for quality improvement and patient-centered care, Tim Philipp, who died in May 2013 after a long battle with cancer, spearheaded the work of IHA's Quality Awards. His work was greatly influenced by his unique perspective as a nurse, teacher and cancer patient. The *Tim Philipp Award for Excellence in Palliative Care* will honor excellence and innovation in palliative care.

Delivering Quality with Distinction

## Care Coordination: Palliative Care

Project Title: Advanced Care Planning in the ICU

Hospital/System: Silver Cross Hospital, New Lenox

Summary: Many Medicare patients with life-limiting illnesses had no documented advanced directive while in the ICU. The hospital's aim is to address their physical, emotional and social needs by having a plan of care goal conversation in order to establish a written advanced directive. This project initially targeted Medicare patients in the ICU. It grew to include adult patients with advanced, serious illness in all areas of the hospital.
