

The COVID-19 Snapshot is the American Hospital Association's look at what America's hospitals and front-line workers are facing as they provide care during the public health emergency. America's hospitals and health systems continue to face historic challenges, including unprecedented financial pressures. It is vitally important that hospitals and health systems receive further support and resources to ensure that they can continue to deliver critical care for patients and communities.

FROM THE FRONT LINES

I worry about our staff, their stress, anxiety, frustration, loss – they are filled with grit and compassion, but this will change them forever.

Aimee Brewer | President, NorthBay Healthcare, Fairfield, California
