

# FBI Releases IOCs Associated with BlackCat/ALPHV Ransomware

Original release date: April 22, 2022

The Federal Bureau of Investigation (FBI) has released a Flash report detailing indicators of compromise (IOCs) associated with attacks involving BlackCat/ALPHV, a Ransomware-as-a-Service that has compromised at least 60 entities worldwide.

CISA encourages users and administrators to review the IOCs and technical details in FBI Flash CU-000167-MW and apply the recommend mitigations.
