## Threat Profiles on China-Based Threat Actors

TLP:WHITE

Aug 16, 2023

On August 16, 2023, the Health Sector Cybersecurity Coordination Center (HC3) released a report regarding Chinese cyber threat actors who are known to target public health and private health sector entities in cyberspace.

The groups outlined within the document represent some of the most capable and deliberate threats to the healthcare sector and should be treated with priority when designing and maintaining an appropriate risk posture for a health sector entity.

For additional information, please see the full report, also attached, [here](#).
